

[Programme]

SSP1.2

EDI★

[Achievements and perspectives in scientific ocean and continental drilling](#) ▶

Co-organized by CL5.1/EMRP3/NH5, co-sponsored by JpGU

Convener: Thomas Wiersberg [Q](#) | Co-conveners: Peter Clift [Q](#), Jorijntje Henderiks [Q](#), Cindy Kunkel [ECS](#) [Q](#), Antony Morris [Q](#), Sergio Andò [Q](#), Mara Limonta [ECS](#) [Q](#)

▶ [vPICO presentations](#) ★ | Tue, 27 Apr, 13:30–17:00 (CEST) [📅](#)

Convener: Thomas Wiersberg, Jorijntje Henderiks, Cindy Kunkel, Antony Morris, Sergio Andò, Mara Limonta

SSP1.2 merged with SSP2.9 (Marine records of evolving terrestrial environments and climate change)

35 abstracts total

TM4

[ICDP-IODP Town Hall Meeting on Scientific Drilling](#) ▶

Convener: Thomas Wiersberg  | Co-convener: Malgo Bednarz 

★ Tue, 27 Apr, 17:30–19:00 (CEST) 

Public information:

The joint ICDP-IODP Town Hall meeting will be held via zoom and is accessible through:

<https://us02web.zoom.us/j/83353290275>

Meeting-ID: 833 5329 0275, code: drilling

Speakers:

Marco Bohnhoff (ICDP)

Gilbert Camoin (IODP/ECORD)

Flavio Anselmetti: Drilling Overdeepened Alpine Valleys (DOVE)

Michi Strasser: Japan Trench Paleoseismology (IODP Exp 386)

We are looking forward to welcome you to this event,
Malgo Bednarz and Thomas Wiersberg

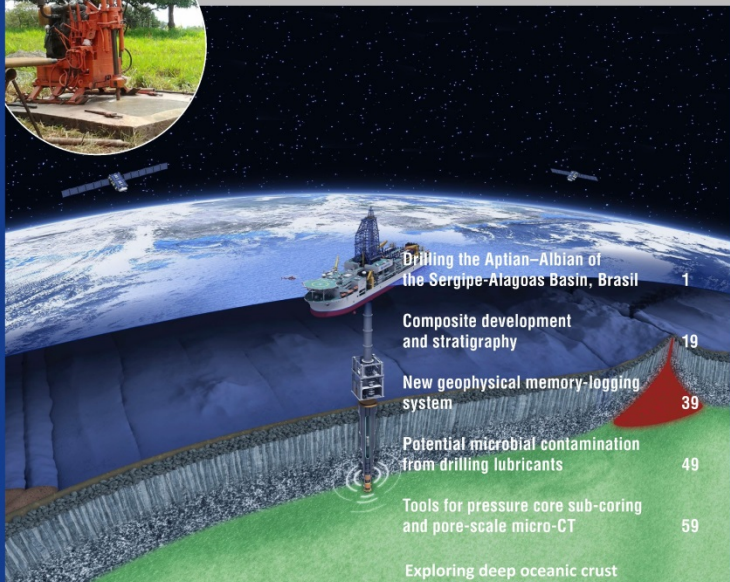

ICDP-IODP Town Hall Meeting
Today 17:30-19:00

Meet ICDP and IODP Scientists and
Program Representatives

Scientific Drilling

Reports on Deep Earth Sampling and Monitoring

Drilling the Aptian–Albian of the Sergipe-Atagoas Basin, Brasil 1

Composite development and stratigraphy 19

New geophysical memory-logging system 39

Potential microbial contamination from drilling lubricants 49

Tools for pressure core sub-coring and pore-scale micro-CT 59

Exploring deep oceanic crust off Hawai'i 69

ICDP & ECORD/IODP JOINT VIRTUAL BOOTH

Student, Scientist, Stakeholder:
how to get involved in IODP and ICDP?
Webinar on Wednesday 11:45-12:30

VEGU21

We prepared a session with several webinars. Additionally on the 27 of April we have a Townhall meeting.

Scientific Drilling IODP ICDP

Research programmes, the International Ocean Discovery Program (IODP) with the International Consortium for Ocean Research Drilling and the International Ocean Discovery Program (IODP) are working together to advance our understanding of geodynamic processes, and to encourage geoscientists to participate.

How to get involved in IODP/ECORD and ICDP?

Free access to webinars!

You do not need registration for VEGU21 to participate.

Webinars info

Each webinar will consist of presentation and Question&Answers part.

Webinar schedule summary

- I. 22 Apr, 11:45–12:30 CEST: IODP and ICDP new science plans, Land-2-Sea proposals
- II. 23 Apr, 11:45–12:30 CEST: Exploring IODP Data
- III. 26 Apr, 11:45–12:30 CEST: ICDP running and upcoming projects
- IV. 27 Apr, 11:45–12:30 CEST: IODP Expedition 377 ArcOP
- V. 28 Apr, 11:45–12:30 CEST: Student, scientists, stakeholder: how to get involved in IODP and ICDP?
