

ICDP Training Course on Continental Scientific Drilling

Due to the currently still unclear travel situation, especially for potential participants from outside the EU, we unfortunately have to postpone the ICDP training course planned for October 2020 on a date in 2021 yet to be determined, in the hope that the situation will then permit such a course.

For any question about this topic, please contact icdp-outreach@gfz-potsdam.de

More information on ICDP training measures can be found at www.icdp-online.org
